## Plan of Care - Patient Version

### Patient:

J Smith  
1111 Xyz Drive  
Nowhere, NC 00001  
Home Phone: (704)111-2222  
Work Phone: (704)111-1222  
eMail: jsmith@nowhere.com  
DOS: 01/01/67  
SSN: 100-10-1000

Your physician has suggested you have a diagnostic evaluation for Gastroesophageal Reflux Disease. The evaluation will consist of several procedures scheduled on different days. Your schedule of tests is listed below with the date, time, and place of each procedure. Please call the nurse coordinator if you have any questions about this information along the way.

Thank you for allowing us to participate in your healthcare!

---

### Pre-Testing Office Visit

Date of Procedure: 11/02/2001  
Time of Procedure: 1:30AM  
Arrival time for patient: 1:30AM  
Place of Procedure: Doctor's Office  
1701 Sunset Avenue  
Suite 401  
Rocky Mount, NC 27804  
Performed by: Chris Dengler, Dr

---

### Endoscopy

Date of Procedure: 11/16/2001  
Time of Procedure: 8:00AM  
Arrival time for patient: 7:00AM  
Place of Procedure: Nash Day Hospital-Endoscopy Suite  
2420 Curtis Ellis Drive  
Rocky Mount, NC  
Beside Nash General Hospital  
Performed by: Robert Scheilenberg, Dr

FIG. 13A.

Have nothing to eat or drink after midnight the night prior to the procedure.

This is the procedure that allows visualization of the esophagus and the stomach with a small flexible scope which is passed through the mouth.

You will be given a sedative to help you relax during this procedure. For this reason you must have someone to drive you home after the procedure.

Dentures or partial plates are removed before the procedure.

---

### Esophageal Manometry

Date of Procedure: 11/19/2001  
Time of Procedure: 10:00AM  
Arrival time for patient: 9:45AM  
Place of Procedure: Heartburn Center  
Performed by: Nurse

This is the procedure that measures the pressures of the esophagus or swallowing tube. It will be performed by the nurse coordinator at the heartburn treatment center.

Have nothing to eat or drink after for six hours prior to the procedure.

Wear comfortable clothes with a button down shirt.

You may resume regular diet and activity following the procedure.

---

### 24 Hour Ambulatory pH Monitoring

Date of Procedure: 11/19/2001  
Time of Procedure: 10:00AM  
Arrival time for patient: 9:45AM  
Place of Procedure: Heartburn Center  
Performed by: Nurse

The priority instruction is to stop taking your GERD medications one week prior to this procedure. You may take topical over the counter preparations such as Maolox, Mylanta, Tums, Roloids. DO NOT TAKE PEPCID, TAGAMET, PRILOSEC, PREVACID, PROTONIX, ACIPHEX, OR NEXIUM FOR ONE WEEK PRIOR TO THE PROCEDURE.

Wear comfortable clothing for the procedure.

Do not eat or drink for six hours prior to the procedure.

This is the procedure that records the acid exposure to the esophagus in a 24 hour
